What is a Youth Services Center?

Youth Services Centers were created to remove non-academic barriers to education as a part of the 1990 Kentucky Education Reform Act (KERA). Centers increase the ability of students to succeed in school by assisting students and families to meet needs that affect the educational process. This is achieved by providing direct services in the center or by referring families to agencies in the community.

Hours of Operation?

The Beacon Youth Services Center hours are Monday - Friday, 8:00 am - 4:30 pm. Or by appointment.
